This is in regards to having a 2" water line installed at its Port Orchard road maintenance facility for primary use in the winter. He provided his edits to the document and submitted it to GM Wilson. He was also asked by GM Wilson to prepare a brief two page form contract for use in minor work projects. He prepared this form contract and submitted it to GM Wilson.

- The plant is running well.
- Mayor Tim Mathes and Jim Colebank from the City of Port Orchard came by for a tour of the plant last week.
- John Poppe agreed with the need to move forward with the PSE Grants, but disagreed with Section 5 of Resolution 361-12 as presented in the Agenda Packet, delaying 2012 capital projects to 2013. Plant Manager Poppe gave a brief history of the "disk thickener" decision, starting at 2009; Mr. Poppe summarized by stating the 2011 purchase of the "disk thickener" was delayed until the grant monies restored the equipment replacement fund balance.
